RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450

Commissioner:

In response to the Notice of Non-Compliant Amendment of September 24, 2008, we first would like to express appreciation for the advice provided by the Examiner. We now provide the following clarification.

The Examiner noted that the substitute specification does not conform to 37 CFR 1.125(b) and (c) because the substitute specification has been filed with claims. Thus, there were two sets of claims: (1) one set is listed in the substitute specification and (2) another set is listed in the Amendment filed on June 12, 2008. Please remove (1) the set of claims that is listed in the substitute specification. The claims to be examined are listed in the Amendment filed on June 12, 2008. The set of claims in the Amendment incorporates previous amendments to the claims.

Reply to Office action of September 24, 2008

In addition, Applicants would like to clarify that on page 8 line 7 in the Remarks/Arguments section of Amendment letter filed on June 12, 2008, the term "referenced G10-PS oligonucleotide" should be "referenced G10-PO oligonucleotide," not G10-PS. The correct term is understood in the context of the argument.

Applicants submit that the amended specification can now be entered and the application is in condition for allowance. Should the Examiner wish to speak with Applicants' attorney, she is invited to contact the undersigned at the telephone number identified below.

Respectfully submitted,

CHRISTIE, PARKER & HALE, LLP
